

**TD 569 Annex A**

**CCO TRANSPORT OF .22 CALIBRE AMMUNITION CERTIFICATION/RECERTIFICATION PROGRAM**

Reference: [Transportation of Dangerous Goods Regulations, Part 6](#)

1. This directive is to be read in conjunction with A-LM-158-005/AG-001 TD569.

**GENERAL**

2. IAW reference, a person who transports Dangerous Goods (DG) must:
  - a. be adequately trained and hold a valid certificate of Carrier (Driver) of Dangerous Goods by Road; or
  - b. perform those activities in the presence and under the direct supervision of a person who is qualified on the vehicle and holds a valid certificate of Carrier (Driver) of Dangerous Goods.
3. The basic principle of this qualification is to follow established best practices and methods of transportation, and to demonstrate due diligence in all aspects of this activity.
4. Only personnel with a current Canadian Cadet Organization (CCO) Carrier (Driver) of .22 Calibre Ammunition qualification and in possession of a valid certificate are authorized to operate a DND vehicle or POMV carrying .22 caliber ammunition to approved CCO events. A CCO Carrier (Driver) of .22 Calibre Ammunition qualified person must present their certificate as a proof of certification upon request.

**QUALIFICATION AND CERTIFICATION REQUIREMENT**

5. CCO personnel designated by the Unit Commanding Officer to transport .22 caliber ammunition must be identified and authorized IAW CATO 24-06 to undertake CCO Carrier (Driver) of .22 Calibre Ammunition training.
6. Upon completion of formal training, the member must successfully pass an online qualification certification exam. Upon successful completion of the exam, the candidate will be authorized to print a "CCO Carrier (Driver) of .22 Calibre Ammunition" certificate – valid for 36 months.
7. Designated POMV Driver's supervisors must ensure that their drivers have a valid certificate and are thoroughly familiar with CATO 14-41.

## **RECERTIFICATION PROCESS**

8. The CCO Carrier (Driver) of .22 Calibre Ammunition qualification is valid for 36 months. Members must recertify their qualification by undertaking the formal training and successfully passing the online examination, as per above. The recertification of qualification must take place within the 36 month period.

## **FAILURE OF CERTIFICATION EXAM**

11. The certification exam may be taken until a pass grade is achieved. The CAF online learning management system (LMS) will control the process to re-take the exam.

## **RECORD OF QUALIFICATION**

13. After successful certification/recertification, students will be able to print their certification. The LMS will record their qualification and certification, and the CIC Training Organization will monitor training in accordance with reference requirements.
